

How to fill out the Volunteer Application Form

** You must have Adobe Reader. If you do not have Adobe Reader you can download it from <http://get.adobe.com/reader> or open it from the Important Information on our website.

- Download Volunteer Application Form.

** If you download the form using Internet Explorer you will have the option to open or save it. Save it to your desktop. Once it is saved open it from the Desktop location. You can then begin filling the form out.

** If you download it using Google Chrome, it will show the download in the bottom left of your screen. Double click and open the form. You will then be able to start filling it out.

Complete each field on the form.

Once complete, save it on your desktop.

How to send the Volunteer Application form

Once the completed form is saved on your desktop you must then send it as an enclosure. To do so open your email and choose compose. Click the "add attachment" option to your email. You must then go to your desktop to choose the completed form be enclosed. It must then be sent to school principal on the form for the location you are requesting to volunteer
